REMARKS

The specification as originally filed indicated the abbreviation for glutamine is "Gin", however, as is known in the art, the correct three-letter abbreviation for glutamine is "Gln". Thus, the specification has been amended on page 8, line 37, has amended to correct the apparent typographical error. A brief description of Figure 4 was inadvertently omitted from the section "Brief Description of the Figures". The specification has been amended on page 11 to include a brief description of Figure 4.

Claims 2-3 have been canceled. Claims 1, 4-5, 6, 8-9, 11, 14-27 and 61 have been amended. Support for the amendment to claim 1 can be found in claim 4. Claims 4-5, 6, 8-9, 11, 14-27 and 61 have been amended as to form.

As the amendments to the specification and claims add no new matter and are supported by the application as originally filed, entry is believed to be in order.

Respectfully submitted,
DAVID Y. HUI ET AL.
